

ICSAAM 2013

23 - 26 September 2013, Kipriotis Village Resort, Island of Kos, Greece
<http://icsaam2013.upatras.gr/>

Dear colleague,

The conference organizing committee with its chairman Prof. George Papanicolaou cordially invites you to present papers and posters in all relevant fields of Structural Analysis of Advanced Materials and also to participate in the exhibition of new testing machines and devices which will take place during the conference.

Topics:

The aim of the conference is to bring together scientists and engineers in the attempt to exchange recent experiences in the research and development activities in the field of Structural Analysis of Advanced Materials.

The topics to be covered by the conference include all thematic areas of current research and industrial applications. Main topics of the conference are:

Materials

- *Polymers and Polymer Matrix Composites*
- *Ceramic and Metallic Matrix Composites*
- *Nano-composites*
- *Biomaterials and medical applications*
- *Smart materials*
- *Green composites*
- *Sandwich structures*

Degradation and Prediction

- *Damage and fracture*
- *Mechanical, Thermal and Hygrothermal Fatigue,*
- *Durability and Reliability*
- *Large Deformations*
- *Impact*
- *Water absorption*
- *Analytical and Numerical Modeling*

Experimental techniques

- *NDT-NDI*
- *Thermal Analysis*
- *Mechanical Testing*
- *Vibration Analysis and Dynamic Behavior*
- *Manufacturing Techniques*

The 5th International Conference on Structural Analysis of Advanced Materials

Papers Publication

Special Issue "Selected Papers from the 5th International Conference on "Structural Analysis of Advanced Materials"

A special issue of Materials (ISSN 1996-1944). This special issue belongs to the section "Structure Analysis and Characterization".

Deadline for manuscript submissions: 30 September 2013

Authors are invited (not compulsory for participation) to submit full-length manuscripts until September 30, 2013 to materials. "Materials" (ISSN 1996-1944; CODEN: MATEG9), an open access journal of materials science and engineering, is published by MDPI online monthly. Submitted papers will be reviewed for potential publication in "materials" special issue. More information at:

http://www.mdpi.com/journal/materials/special_issues/Selected_ICSAAM

We would be very honored if you would kindly consider participating in our conference. We would like to thank you in advance and look forward to meeting you in Kos.

Yours sincerely,

*George Papanicolaou
